100% RENEWABLES & TRANSPARENT LEADERSHIP

THE PROBLEM

State Representatives tell us they support 100% renewables, but then the bill dies in committee. How did they actually vote? No one knows!

If you have any questions, text or call (857) 288-8807

To fight this, we're proposing two ballot measures:

Transparent voting

so Reps know we can hold them accountable

These will pass with **broad support** so we can push for **broad reform**.

Then, bold climate action and other popular legislation will have a fighting chance in the statehouse.
